Rio Pull Up with Boomerang Arms, left.

## RIO PULL UP Lounge Collection

The Rio Pull Up is the perfect complement to its companion chair, the Rio Lounge. A slimmer, more agile version of the Lounge, the Rio Pull Up still features the Rio's signature curves, now supported by tapered legs and a solid wood base.

A stylish, casual alternative to the lounge chair, the Rio Pull Up's adaptability makes it an essential: comfortable lounge seating, contemporary guest seating, or supportive in institutional settings.

The Rio Pull Up is available as a bar or counter height stool, a children's chair, and also with high back options. The Rio Pull Up is a part of the AGATI Rio Collection, which includes lounge chairs, settees, sofas and a matching ottoman. Visit [agati.com](http://agati.com) to see more.

AGATI is defined by versatility. Designs combine a unique blend of aesthetics and engineering, distinguished by their eclectic styles. Inspired by the need for furniture that is both timeless and universal, AGATI is committed to the design and engineering of each and every piece.

Furniture built to last a lifetime means investing in the future. AGATI is dedicated to implementing sound environmental practices such as utilizing domestic reforested lumber, as well as reusable packaging materials. AGATI believes in helping preserve resources at no expense to the integrity of the product or the satisfaction of the customer.

Celebrated for its design. Chosen for its quality.
