CURTIS Side Chair

The Curtis chair is a showcase for converging, dynamic lines. Unmatched in its design, sinuous back legs offset the flare of tapering front legs. Follow the smooth curvature of the Curtis chair's sweeping arms or opt for a side chair suitable for guests of all environments.

Featuring a high profile, the Curtis chair's canted back posts enfold the back for ultimate support. A handsome full panel back or a three-rail ladder back flatters a carved, wood saddle seat or an upholstered seat. Visit www.agati.com for more options.
