

FAN

AGATI's Fan is a unique armchair noticed immediately for its distinctive character. An elegant shell shape seat featuring precise stitching is its most striking feature. The Fan Chair epitomizes the modern arm chair, best used in open spaces, conference rooms, receptions and home offices. The shell is made of a high quality cold melded foam technology supported by a sleek, chrome disc base with a self-centering cylinder. Fan is available in a variety of colors and fabrics, with contrasting stitching.
