AGATI is defined by versatility. Designs combine a unique blend of aesthetics and engineering, distinguished by their eclectic styles. Inspired by the need for furniture that is both timeless and universal, AGATI is committed to the design and engineering of each and every piece.

Furniture built to last a lifetime means investing in the future. AGATI is dedicated to implementing sound environmental practices such as utilizing domestic reforested lumber, as well as reusable packaging materials. AGATI believes in helping preserve resources at no expense to the integrity of the product or the satisfaction of the customer.

Celebrated for its design. Chosen for its quality.

Talbot Slat Back Arm Chair with upholstered seat in dark cherry, left.

TALBOT Side Chair

Contemporary and adaptable, the Talbot chair will blend seamlessly within its environment. Sweeping back legs and graceful attached arms belie the Talbot chair's enduring construction. The Talbot bears the strength required for institutional use while providing enough comfort for all other settings. Additionally, the chair's generous frame and full arching arms enfold those of all sizes.

A variety of back options range from a simple, wide back rail, to a modern cutout splat, to a traditional slat back. Select a carved wood saddle seat or an upholstered seat with any of the Talbot's back options. Visit www.agati.com to view more.
