

Stationary seating combinations in organic shapes provide new options in space planning. While the coziness of wrap-around arms in the lounge chair gives travelers a feeling of security in a public space. Guests have everything they need for a pleasant waiting experience -access to usb and power to charge their devices, a stone tabletop for their belongings and coffee, and roomy personal space. Select from a three-person or four-person seating and table combination.

The Orb Cluster has been designed to give users:

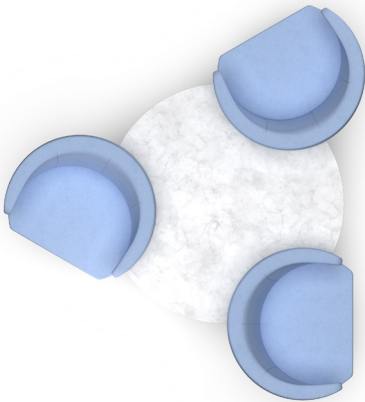

- Comfortable lounge seating experience with the security of wrap-around arms
- Access to usb/power at fingertips
- Personal surface space for their belongings
- Staggered sight lines and generous physical space for independent personal bubbles.

ORB CLUSTER

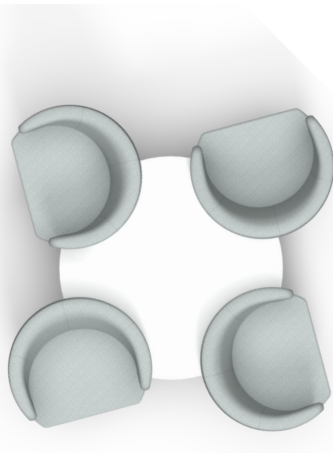

Power recepticals for each user by their own seat.

The cluster design allows for wire management that comes down to one point on the floor.

3 Cluster
78"W x 73"D x 31"H

3 Power Recepticals

4 Cluster
87"W x 87"D x 31"H
